# DEDICATION

## '72

As seniors we can not help but notice the social, cultural and intellectual changes that have taken place here at Molloy since Freshman year. Since these changes reflect the theme of this Blue and White, it is only fitting that this yearbook be dedicated to those men who have been instrumental in bringing about this change.

When we reflect on the change at Molloy, two names should come to mind: those of Brother John McDonnell and Mr. Patrick Murphy.

Both of these dedicated men, have in their own way contributed to the transformations that we are witnessing around and within us.

In future years we will be faced with new and challenging situations. Brother John and Mr. Murphy have worked with us, individually and in groups, to prepare us intellectually and emotionally for these changes.
